

# How to Get for Referring My E-Book Mastermind in 3 Easy Steps

You hear me talking about affiliate stuff all the time. Here's the simple process you could use to earn a 50% affiliate commission if someone you refer signs up for my e-book mastermind.

**Step 1:** Sign up for my affiliate program at <https://www.Antion.com> and get your default affiliate link:

Your default affiliate link will come via email and look like this:

<http://www.kickstartcart.com/app/?af=youraffiliateIDNumber>

**Step 2:** Add the following to your default affiliate link. This sends people directly to a page promoting the mastermind.

&u=<https://www.ScrewTheCommute.com/ebookshowcase>

Or

&u=<https://www.ScrewTheCommute.com/ebookmasterminds>

So, your long ugly affiliate link will look something like this:

<http://www.kickstartcart.com/app/?af=youraffiliateIDNumber&u=https://www.ScrewTheCommute.com/ebookshowcase>

**Step 3:** Use your skills to make social media posts. Remember as I taught in the mastermind, social media doesn't like affiliate links. Send them to a normal page on your site. That's where you will put the long affiliate link buried under some text like [Click here to get your e-book done FAST](#)

**Also**, you could email to your list telling them how you learned to create and sell e-books.

**Also**, you could shoot a video talking about the same thing.

**Or**

**All of the above.**

**Easiest of all - Step 4:** If all of the above is too much hassle, just give me the names of people you told about it. If they sign up you still get credit.

Thanks, and I can't wait to send you big checks.

P.S. I'll probably be raising the price on this which would increase your commissions.

P.P.S. If someone clicks on your link, they are tracked for 3 years and you will get the commission for that product on whatever they buy.
